## FUN FACTS ABOUT DOGS

Dogs can smell about 1,000 times better than humans can.

The most popular dog breed Canada, U.S. and Great Britain is the Labrador retriever.

The most intelligent dogs are reportedly the Border Collie and the Poodle.

Dogs have sweat glands between their paws.

Dalmations are completely white at birth.

The name of the dog on the Cracker Jacks box is Bingo.

The Basenji is the world's only barkless dog.

The Beagle and Collie are the nosiest dogs.

## PRODUCT SPOTLIGHT

### **JOINT SUPPORT MAX**

Joint Support Max provides a full strength combination of Glucosamine HCl, MSM, Creatine Monohydrate, Omega-3 Fatty Acids, Antioxidants, Vitamins and minerals to support healthy joint function to help your dog stay active and enjoy life.

As an animal walks, runs, jumps and plays tremendous stress is placed on all components of the joints. Years of wear and tear due to normal aging, disease, injury or genetic conditions break down cartilage, leading to instability. Joints consist of a joint cavity filled with synovial fluid that serves as both a lubricant and source of nutrition, a joint membrane and articular cartilage that acts as a shock absorber. These components are continually being "rebuilt" to maintain strength and resilience. If any of the building blocks of these components are not available in adequate amounts, stiffness and soreness results – conditions commonly seen in large breeds and active or elderly dogs.

Joint Support Max is used in dogs to support healthy joint function. May also help alleviate the pain associated with normal daily exercise and activity.

## LOOKING AHEAD

Summer time is almost here!  
Don't forget to make those lodging reservations  
before we fill up.
